

# Frank Barnes School

## Creative Curriculum Learning Themes

At Frank Barnes School, we deliver an exciting, broad and balanced curriculum. Our cross-curricular themed approach is designed to make sure that our pupils are able to learn different subjects in a meaningful way. For our pupils to become successful learners and achievers, we ensure that a core set of skills are taught, embedded and developed in all our lessons.

At Frank Barnes, we....

1. Encourage **imaginative** and **creative** thinking.

2. Provide **challenge** and encourage **independent** thinking and working.

3. Are **interactive** **communicators**.

4. Develop our **practical** skills.

5. Promote **positive** **self-esteem** and **awareness**.

6. Are **critical observers** and **explorers**.
