

Frank Barnes
School for Deaf Children

SCIENCE DAY AT FRANK BARNES SCHOOL

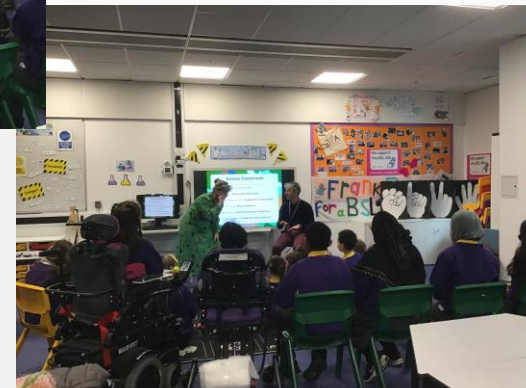

British Science Week

10th – 19th March 2023

Morning Assembly

We talked about British Science Week's theme of 'Connections'.

Science Investigations

All classes were given a topic to do their Science investigations.

We had to start our investigations after assembly.

We thought about what makes a fair test. What equipment we needed. What our method was.

We made predictions, recorded our experiment and talked about the results.

Birdcage Class

Sticky Web Experiment

Birdcage Class

Kings Cross Station Class

Wiggly Worm Experiment

Kings Cross Station Class

KS1 Science Group

Plant Dissection

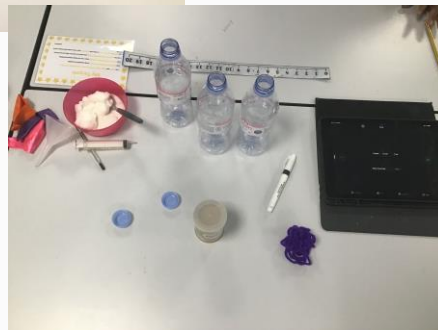

KS1 Science Group

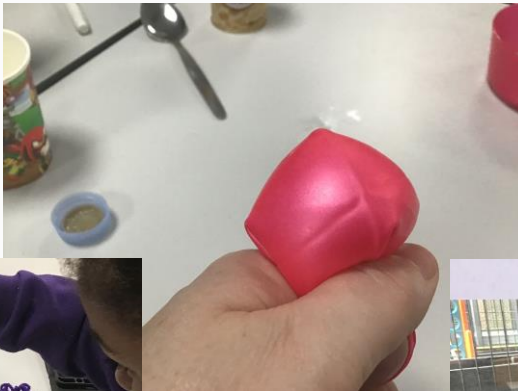

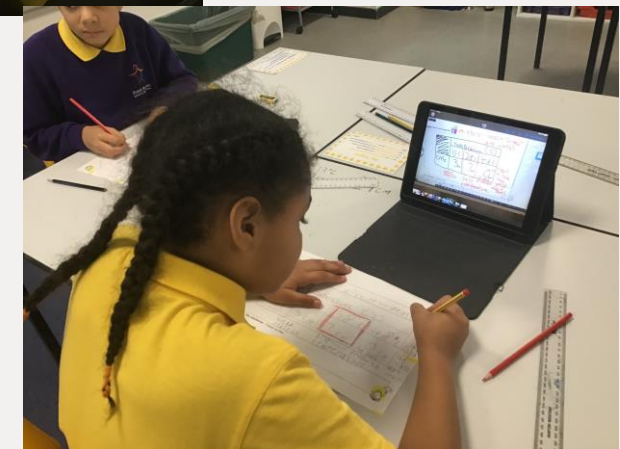

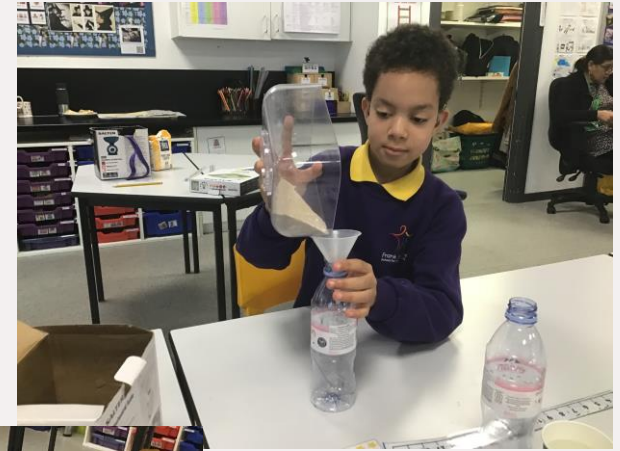

LKS2 Science Group

Yeast Growth and Temperature Investigation

LKS2 Science Group

UKS2 Science Group

Conductors and Insulators Investigation
