# Fantastic Frank News

June 2021

No.2

Hello and welcome to our second edition of Fantastic Frank News.

We are delighted to have our wonderful news club up and running again after the lockdown. We welcomed Mohan in our News Club and he had enjoyed himself so much being part of our team.

Just to remind you that the children are responsible for all of the work and photography. They use their iPads to film all of their interviews with pupils and staff, find out information, do their own research and then type it all up. They even decide on the layout and where to put their photos and reports in the newspaper.

We hope you will enjoy our newspaper as much as the pupils have enjoyed creating it.
